NECESSARY CHANGES IN WATER SERVICE

Announcement has been made semi-officially of a merger of the Charleroi, Monessen and Donora water companies whereby the corporations will be united and the pipe lines of the three systems connected. The connection between Monesen and Donora was made nearly two years ago since which Donora has been enjoying the benefits of filtered water from the Monessen plant.

The Pittsbugh Steel Company found it imperative to acquire the ground occupied by the Monesen Water Company's pumping station and as the owners of the Monessen plant are largely interested in Monessen's welfare, they did not stand in the road of the Pittsburgh Steel Company's four million dollar extension and sold the Plant to the Pittsburgh Steel Company together with the two acres of ground it occupied. This purchase necessitated the building of a complete new plant and under the circumstances the Monessen company decided to join hands with the Charleroi Company. Under the new arrangement the Charleroi Pumping station and filtration plant recently completed will be utilized as a central pumping station.

The Charleroi filter plant is a new and modern plant, designed by Messrs. Chester & Fleming, Consulting Engineers, and has been producing water of a quality equal to that turned out from the Monessen filter Plant, which has made such an enviable record.

The piping arrangements, when completed, will give Monessen, as well as Donora, the benefit of Charleroi's six million gallon reservoir. This reservoir is at a considerable higher elevation than the Monessen clear water tank and there will be, consequently, materially increased pressure all over the Monessen system. This will be a great boom to the residents on all of the hill streets where the pressure is light. The new arrangement will give an increase of about 20 pounds, nearly doubling the pressure at the highest points on the Monessen system.

SNYDER-WESTBECKER NUPTIALS SOLEMNIZED

The marriage of Miss Laura Snyder of Monongahela and Mr. Harry Westbecker of Gary, Ind., was solemnized at 8 o'clock a. m., today in the Church of Transfiguration, the ceremony being performed by the Rev. Father Walsh. The bride was attended by a younger sister, Miss Minnie Snyder, while a brother of the groom served as best man. The church was well filled by friends of the contracting parties and the ceremony was very pretty and impressive. After a wedding breakfast at the home of the bride, the happy couple departed for Gary, Indiana, where they will make their future home.

The bride has many close friends in Monessen, she for considerable time being associated with the Bell Telephone Co. as their chief operator at this place, and by considerate and obliging treatment toward patrons she became very popular. The groom is also well remembered by Monessen patrons of the Bell, as he was wire chief here, and being proficient in his line of work and courteous and sociable he gathered about him a host of friends. Later he severed his connection with the telephone company and engaged in the hardware business at Gary. Many are the good wishes extended to Mr. and Mrs. Westbecker by Monessen friends for unbounded happiness and prosperity all along the pathway of their future.

Little Wanderer Transfered to Proper Oificers

Harry Schaffer the 11 year old lad who was found at midnight Tuesday in the park at Sixth street was sent to Fayette City yesterday by Chief of Police Wheatley. The boy was sent to the police of that place who had located his grandfather from whose home he had run away. Mr. Schaffer, the boy's grandfather was here last evening looking for his grandson but was told he had been returned. It is thought that the boy was taken to the home of his other grandfather where his younger sister is staying as that is the place he wanted to go.

Mr Schaffer stated at police headquarters last night that the reason the child had left home was because he had been threatened with a spanking unless he would get a bucket of water from the well He started for the well but left the bucket lying on the walk and kept on going until he reached this place.

Family Troubles Freely Aired in Our Local Court

Family difficulties seemed to hold down the boards at the jail for the last few days especially yesterday when two family squabbles were aired before his honor the Burgess. Joseph Gerber aged about 33 years and of German descent was charged by his wife with disorderly conduct and alleged ill treatment of almost every description. The couple have been married for over ten years and four children have been the result of the union. For the last few years the sea of matrimony in their particular vicinity has grown ruffled and according to the wife, Gerber has locked her out on several different occasions and she has been compelled to go to the neighbors' homes in order to secure shelter. Finally unable to stand this sort of treatment any longer she made information which resulted in the arrest of her spouse. The husband did not offer a very strong defense and was fined $5 and the costs amounting to $8. The woman refused to return to the home with her husband.

Frank Shian and his wife, Minnie Shian were the other couple whose difficulties were settled by the Burgess' aid. Frank has been arrested several times on the same charge, disorderly conduct which has always been preferred against him by his wife. After Frank has been taken away the wife seems to repent her actions and she refuses to testify against him. On this occasion she is said to have been black and blue all over her body and still said that he never touched her although witnesses testified that he had kicked and beat her. Shian was fined $13 including the costs and warned to take better care of himself in the future.

MINISTER UNDER BAIL FOR ALLEGED ASSAULT

Because boys rollerskating in front of the parsonage proved too much for his nerves, the Rev. H. C. Millington, pastor of the Beallsville Methodist Episcopal Church is out on bail of $500, on a charge of assult and battery. A crowd of boys were skating and failed to heed the preacher's warning to cease the sport in that vicinity.

Exasperated, it is alleged the parson rushed out and seized Albert Horn, son of John Horn. It is alleged the preacher threw the boy to the ground with such violence as to hurt him painfully. Yesterday morning a constable waited on the Rev. Mr. Millington and escorted him to the office of Justice of the Peace H. L. Hetherington of Bentleyville, where bail was furnished for court.

Missionary Dies in China

Another missionary has died in the Chinese field, word being received in Washington of the death of Rev. Wm. Hamilton at Tsi Tan Fu where he had been located twenty-four years. A telegram was received Tuesday by Rev. Wood., announcing the death of his son-in-law, and the sad news came just when a daughter of the deceased was graduating from the Washington Seminary and the message was kept from her until after the exercises. Deceased was fully educated for mission work. He was united in marriage in 1888 to Clara Linton, daughter of R. J. Linton of Belle Vernon and that year went to China to take up his chosen life work. The wife died and in 1892 he returned and was united in marriage with Margaret Ewing Wood of Washington. During 1909 1910 Rev. and Mrs. Hamilton visited this country, spent a year, in the mean time he preached a time or two in Monongahela where he was related to the Hazzards. The telegram stated that Rev. Hamilton died after a short illness, giving no odetails, but it is thought probable to have been small pox, which caused the death a few weeks ago of Rev. Cherney, once pastor of the Monessen Baptist church, in the Chinese field,

DISAPPEARED AFTER CROOKED ACTIONS

The culmination of what is thought to be one of the cleverest and most daring confidence games that has ever been tried on local business men ended yesterday in the arrest in West Newton, of George Rowland, aged 24 years a painter formerly employed by Smith and Shambaugh, local decorators.

Rowland is being held under two charges of obtaining money under false pretense which were made before Justice of the Peace James A. Watkins by Herbert Shambaugh and George Senodnos. Both allege that they gave Rowland money to purchase paint and that instead of paying for it he kept the money and had the paint charged to them. It is said that he has duped several other merchants into falling into this trap. He is also charged with having written out checks when he did not have any money in the bank with which to pay them.

Rowland disappeared Decoration Day and with his disappearance the lady with whom he roomed missed a gold watch and a diamond ring which were later recovered in local pawn shop in which it is thought he placed them. This is not the first time the prisoner has been in trouble and it is expected that at the hearing this evening he will be held for court.

Takes Oath With Left Hand

For the first time in the history of Fayette county courts a person with two hands took the oath with the left. Maggie Leonardi aged 16 who charged Faustino Meacci with statutory rape offenses carried her baby as she approached the desk of Clerk of Courts Richard Davis. She raised her left hand while holding the infant on her right arm and Interpreter Tony Bufano administered the oath without noting the difference. In that case it was alleged that the little girl who was under 16 years old was criminally assaulted by the defendant in the cellar of the latter's home and also in a room up stairs.

What is a Gentleman?

We hear the question frequently asked, "What is a Gentleman?" and to one who makes a reasnable study of human nature and people as they come and go, day by day, the answer is not hard. It requires no study to determine if a man is a gentleman. Fine clothes don't make him such. You can tell him by his bearing. He looks you square in the face, he talks to you courteously, he has consideration in all things. Good breeding is stamped all about him. He dresses modestly and in taste. He is quiet and unassuming. He minds his own business, and goes about his business. You never see him loitering about the streets. Monessen is full of them, but there is another class and we often wonder if they think they really are gentlemen, and should be recognized as such. At any rate they are to be found in every city. They are not a Monessen product. They loll about the streets, idle away their time, ogle at the women, make sarcastic remarks about everybody. They dress loud and make as much noise as possible. They invariably carry a cane. They are here there and everywhere. Monessen does not have any more of them than any other town.

On the other hand one may view the characteristics of a gentleman from another point of view and still arrive at a homely, but reasonable definition of the word gentleman, as expressed by George A. Louck, of Exmore, Va., who says:

"Havng interviewed Hans Speckencrout on this momentous subject, I venture to append hereunto his version.

If two peoples vat belong to der politician gang vill git oop un call vonanoder a lion-catcher un bamboon, un say dot he hef der eech un nine kinds of pedpugs, un vill den go un sid down togedder, drinkin' shampagne un laughin' apoud der whole dings, un vouldn't been President of der Unided Sdates for fife hooner tollars, you kin makin up your mind dot dey vas cut oud of der kind of cheese-cloth from vitch is made soom very fine shendlemens."

The Donora American wants all the dogs in the town muzzled. Burgess Cox of that town has issued a proclamation against Fantine and Tige, and within the next few days brother and sister will be walking along the "great white way" with their noses in a wire box. Even after they are muzzled they should not be allowed in that curb market to spread their hydrophobia among the cabbages and taters.

Constables and tax collectors may be interested in knowing that there is a state law making it compulsory that all dog licenses be paid as promptly as any other tax. If they dont' get the money they are liable to prosecution and a fine of $2.00 can be imposed for the neglect in each and every case. Get the money, boys.

The Monongahela papers are still clamouring about speeders on the river bridge at that place. It's a free bridge and people ought to take care of it. If they want to speed let them get on a toll bridge where the sport, like water rent, is paid in advance.

Connellsville is boasting about a temporary playgounds. There are many towns now that have permanent playgounds and there is mighty little said about it. The coke town better wait a little while longer before starting to boast.

The Greensburg Tribune thinks our county comissioners are mighty slow in getting a line on how to build roads jointly with the state. The criticism may be timely and well directed. Action is what we need now in the matter of road building.

The McKeesport Times is much wrought up over the Dillingham immigration bill and cannot see why the doors should not be kept open and hordes of immigrants rushed to our shores annually. Possibly a little later it will be able to see.

The Cannonsburg Notes waxes eloquent about the first home grown strawberries. The Notes is published in a community which adheres strongly to old methods.

Old Coke Plant Closed

Sterling, the world's first large coke plant, closed its doors Saturday as a coking coal producer after a long life of 41 years, eight months and 21 days of usefulness. The Sterling plant better known as the Jimtown plant is located on the Hickman Run branch of the B. & O. just back of the old Tyrone church and about two miles and a half northeast of Dawson. The original plant was built by W. H. Brown and James Cochran, better known as "Big Jim" Cochran and consisted of 100 ovens and it was here that a new record in the world's industries was established, the birth of the great Connellsville coke region. There were several other small plants but this was the only place where coke was manufactured on an extensive scale.

Murderer is Happy

Washington, Pa., June 6—Jan. Ribarik, sentenced to be executed next Tuesday in the Washington county jail for the murder several months ago of Mr. and Mrs. Novak and their boarder, Stephen Stanjovly, in Canonsburg, was taken from the jail proper yesterday afternoon and locked in the death house.

Guards who will watch over him until the execution say he is one of the most cheerful men in the county prison and to them he declared today that he was satisfied to go to his death, since he made his peace with God and also with his pretty 20-year-old daughter.

Laughed at Drowning Companion

While Harry Peer, 17 years old struggled in Stony Creek river near Johnstown and called to companions for help last evening, the lads on the bank thought it all a good joke and laughed. Soon he went under and they thought that part of the joke. Then the body came to the surface again, but he was struggling feebly and the lookers-on realized the truth. They plunged in, but it was too late.

PILES DISAPPEAR

So Does Eczema, Salt Rheum, Ulcers, Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising cures are made so quickly that they seem like miracles.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa., vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes "For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I began using San Cura Ointment and one 50c jar made a firm and permanent cure. I have not been troubled since."

San Cura Ointment is guaranteed by Craig's Drug Store, who is the agent in Monessen, to cure any of the above named diseases or money back. It instantly kills all pain from burns, cuts and bruises, draws out the poison and heals in a short time. 25 cents and 50 cents a jar at Craig's Drug Store.

GREAT SWEDISH PLAY OLE OLSON, TONIGHT

This evening at the Star theatre the patrons of that popular house will witness a play that will be a treat to all lovers of good wholesome comedy. "Ole Olson," the ever popular and laughable Swedish comedy drama will be the vehicle in the hands of the McShaffery Stock Co., and every member of the company will be brought into action as well as a number of local children. Director McNulty will assume the role of Ole, the Swede, and each member of the company has a distinct comedy role that will keep the audience "on the go" from start to finish. Every single part stands out brim full and running over with bright snappy, comedy, and the drollery and natural wit of the Swede will be sufficient within itself to make a full evening's amusement. Many have traveled to Pittsburgh, paid car fare, hotel expenses and a big admission price to witness this famous comedy, and most every one knows that there is not another drama extant offering so vast a range of pure, downright, rollicking fun. Go by all manner of means, see it. It

MRS. GREATON'S AWFUL EXPERIENCE

During Change of Life—How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this perod of life. If it will help others you may publish my letter."—Mrs. MARION SWEET GREATON, No. 1 Jefferson St., Natick, Mass.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

"OLD SCOUT" WILL SOON LEAVE THE TRAIL

The old scout announces a farewell tour of the Continent. Each city hereafter visited will see him for the last time in the saddle. His coming engagement will mark his good-bye to Charleroi Saturday June 8th. Desiring to retire while still in good physical condition; the pressure of his private interests in the West; the death of Red Cloud, Kicking Bear, American Horse, and other big Indian chiefs, the thinning of the ranks of his old army friends, admonishes him that the period has arrived for him to take a little rest and home comfort. The era that he has been identified with has passed and been supplemented by the unprecedented prosperity of what was the old hunting and battle grounds over which he trailed, guided and fought. The development of the Northwest attracts him and lures him, as he says, back to the valley and mountains and the old log-cabin home.

The Ranch girl riders are born and raised where the pony is a necessary household utensil and to the prairie boy and girl is a Kris Kringle present as sweetly dreamt of as the city boy of his skates and sled, or mamma's darling's baby doll; where the wearing from the maternal lap is but a transference to the saddle, a babyhood school that breeds riders from "Ridersville." Among the Wild West string" are young ladies whose record in actual contests, County and State, at such tournament centers as Columbus, Grand Island and Hastings, Neb., Fort Worth and San Antonio, Texas, Salt Lake City, and that La Scala Conservatoire Au Naturale, Cheyenne—will sustain the fame of the Prairie belles for gracefully handling their steeds. These marvelous equestriennes will appear at Charleroi with other interesting riders with Buffalo Bill and Pawnee Bill's Wild West and Far East exhibition. This dual combination makes its first visit and personally the Old Scout will make his last

Action is being taken by the Street department and the sidewalks in many of the most dangerous places are being raised. The streets are also being touched up in several places.

That Cow

will produce 100 pounds of milk 60% cheaper on one of our small farms in the famous Sacramento Valley, California, than she will in any of the Eastern dairy States.

And—

the butter-fat which she produces will bring from 4 to 6 cents more a pound.

—N. E. MULICK, formerly of Watertown, Wis.

Mr Mulick was one of the most prominent breeders of Holstein-Friesan cattle in Wisconsin He purchased one of our small farms and is stocking it with one of the finest herds of pure Holstein-Friesan cattle in the United States He says

"The Sacramento Valley is an ideal home for the Holstein cow and I am sure that the dairy world will soon look to this valley for the world's record stock

There is certainly a bright future for the practical dairyman in this valley It is hardly possible to estimate the advantages of dairying in a country where green feed can be raised the year round, as compared with Wisconsin, where they have to stable their stock at least six months in the year"

It doesn't cost much to own one of our small farms—

$15 DOWN THAT'S ALL **$11 A YEAR** THAT'S EASY

You may have from 20 to 80 acres in this great project. $15 an acre is all it costs now, pay the balance in ten yearly payments.

The Sacramento Valley Irrigation Co. will give you every co-operation possible; expert dairymen are in its employ to give you free advice. If you want to meet opportunity face to face send for our literature. A visit to our farms will show that

"Twenty's Plenty — Forty's a Fortune"

It's a pleasure to work when you know that every effort put forth brings forth bounteous returns with no limit to the possibilities

You are King of your own domain—everything is yours The climate, the soil, the water is helping you—the very air you breathe brings a charm to the life of a California farmer Come and be happy, healthy, hearty—and well fed, in the land of prosperity and plenty.

DOUBLY PROVEN

Monessen Readers Can No Longer Doubt the Evidence

This Monessen citizen testified long ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. Burns Wadsworth 270 Donner avenue, Monessen Pa., says: "I was in poor health for some time and suffered almost constantly from backache. I was subject to chills and dizzy spells. Knowing that Doan's Kidney Pills were good for kidney complaint, I procured a supply from the Hirsch Drug Co. Their use helped me from the first and before long I was cured. I am now enjoying good health and my kidneys do not bother me in the least." (From statement given Oct. 2, 1907.)

A PERMANENT CURE.

Mrs. Wadsworth was interviewed on Nov. 9, 1909 and she said: "The cure effected by Doan's Kidney Pills in my case has been permanent. I have recommended this remedy to my friends on several occasions and all who have used it, speak highly of the results received.

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.
